Spouse's First and Last Name _____

Many people find that their children are more comfortable at a new school if they already know other students. MONA's Neighborhood Groups (AKA School Groups) facilitate the introduction of MONA members and their children to others assigned to the same school. The groups are also a good way just to meet other moms and kids who live near you, regardless of whether your child will be attending school anytime soon. Please check the box next to your neighborhood school if you would be interested in getting together with others in your neighborhood. A coordinator may contact you.
